Visit The Hague

Filled with wonderful old buildings, The Hague, is only a 10-minute train ride from Leiden. Though not the capital, it is the seat of the Dutch government and is referred to as the International City of Peace and Justice because so many organizations such as the World Court devoted to world peace can be found here. This bustling city of old-world charm is home to numerous museums that house some of the world's greatest art collections, The Hague also is known for its seaside atmosphere, with great beaches to be found at Kijkduin and Scheveningen.
